MEETING FACILITATION:

The meeting was facilitated by Jeff Blair from Facilitated Solutions, LLC. Consultation, Process Design & Facilitation. Information at: facilitatedsolutions.org

Time: 10:05 a.m.

Mr. Blair welcomed everyone to the meeting of the Mechanical TAC.

Roll Call:

Mr. Blair performed roll call for the Mechanical TAC. A quorum was determined with 12 members present shortly after the initial roll call.

Agenda Approval:

Mr. Quintela entered a motion to approve the agenda for today's meeting as posted. Mr. Pittman seconded the motion. The motion passed unanimously with a vote of 12-0.

Approval of Minutes from October 1, 2021:

No action.

Review the following 2021 change to the International Mechanical Code (IMC) and provide recommendation to the Commission regarding this change:

M9126/E15-18 part II- Correlates Directly

Public Comments: Joe Belcher, FHBA, requested that the Mechanical TAC deny this proposed code modification. He stated that the proposed modification as written would apply to all machinery rooms not just those that have toxic gases.

Staff Comments: Mr. Madani provided an overview of the code change.

TAC Comments: None.

TAC Action:

Mr. Locke entered a motion to place the proposed code modification on the consent agenda for denial because the language already exists in the Florida Building Code. Mr. Calleja seconded the motion.

Mr. Quintela stated that the proposed code modification would be useful to have in the mechanical code and requested that the proposed code modification be approved.

Commissioner John stated that the code change could be useful to include in the Florida Building Code. However, the proposed code modification should be reviewed further and the proposed code modification should be denied during this phase of the code change cycle.

The motion was passed with a vote of 11-1.

Adjournment:

There being no further business before the Committee, Chairman John adjourned the meeting at 10:15 a.m.
