

ACCESSIBILITY TAC

The TAC convened at 2:00 on December 5, 2005. A quorum was present and discussion followed on a number of issues. Ila Jones made a presentation regarding the relationship between the State Education Outreach Council and the Commission's objectives with respect to education. The TAC received a legal report concerning the scope of the TAC's authority to develop a checklist to help ensure better code compliance. A presentation will be made at the next meeting outlining the process for obtaining binding interpretations. The TAC discussed the possible need for additional courses directed toward specific target audiences, e.g. landscape architecture, toilet rooms, plumbing, etc. The group concluded that further discussion on code harmonization should be postponed until the Department of Justice is closer to approving the next edition of ADAAG. The agenda was set for the following meeting and the meeting adjourned at 4:30 P.M.
