If the standard has changed in the 2004 code from the 2001 code, it needs to be updated. The reference needs to indicate compliance with the 2004 code. If the date has not been provided, assume the old date for the standard. Need to address the 1/3 allowable stress increase no longer allowed for the HVHZ in the 2004 code.

2001 approved products certified to the 2004 code no sections
