Waiver Request - Elevator-Lift	Waiver #440-RO
RESPONSE OR COMMENT:	PROJECT IDENTIFICATION OR DESCRIPTION:
Sent Via Web Site Application	Caribbean Distillers, LLC

Dear Sir:

Due to the nature of the function (Caribbean Distillers, LLC) of the proposed building and location of the building and the hazardous conditions imposed by the existing site conditions, I would appreciate a sincere consideration of providing a waiver regarding the requirement of an elevator or lift to the small second floor area of this project (aka, Control Building).

As outlined in the request, the required functions of the personnel that will be occupying the second floor of this facility would require that non-handicapped persons only be permitted to work or occupy this building.

There is currently a Main Headquarters Building that is open to the Public and is in full compliance with the Florida ADA requirements. No-one visiting the Site is permitted beyond the Main Headquarters Building, due to the many hazardous conditions, including obstacles, fork lifts, conveyors, etc. Only authorized personnel are allowed beyond the Main Headquarters Building, and definitely no handicapped person is allowed beyond the Main Headquarters Building.

Again, your sincerest consideration would be greatly appreciated.

If you require any additional information, kindly contact me.

Thank you,

Julian J. Garcia
