RE: 1233 Collins Avenue, Miami Beach, Florida

Dear Mr. Sellers and Members of the Commission and Council:

I am writing in reference to the above noted structure, and the request for an accessibility waiver.

The building located at 1233 Collins Avenue in Miami Beach, was constructed in 1934 and designed by L. Murray Dixon in the Streamline Moderne style of architecture. This structure is classified as "Contributing" in the Miami Beach Historic Properties Database, and is located within the Ocean Drive/Collins Avenue Local Historic District as well as the Miami Beach Architectural District, listed on the National Register of Historic Places.

The subject structure retains a high degree of historic and architectural integrity and is representative of the rich diversity of architectural styles that have evolved within the City's Historic Districts. The current proposal to retain, preserve and restore the building is essential to the future understanding of the development of architecture in Miami Beach.

The subject structure qualifies as a historic building under the federal ADA regulations, the ADA Accessibility Guidelines (ADAAG) and Chapter 11 of the Florida Building Code. The requested waiver pertaining to the vertical accessibility to the second level of the units is critical to the restoration plan for the building. In order to accommodate vertical accessibility, substantial modifications to the historic building would be required, including demolition of portions of the second floor plate which may have an adverse impact on the structural integrity of the building. Such interventions would irreparably harm the very significant design, style and configuration of the subject structure.

The Planning Department, on behalf of the Miami Beach Historic Preservation Board, strongly supports the subject waiver request. If you have any questions relative to the historic significance of the existing structure, or you need additional information, please do not hesitate to contact me.

Sincerely,

Debbie Tackett
Chief of Historic Preservation
