

ADOLFO D. LOPEZ, AIA  
Architect - FLORIDA

15388 S.W. 113 TERRACE, MIAMI, FL. 33196. TEL. (305) 382.6325

November 3, 2016

To the Florida Building organization:

I was hired by Areda Construction to legalize (design to Code) a remodeling that was done by the Owner at his office without a permit.

In my professional opinion, the lift required by the Town of Miami Lakes and the FBC should be waived. The cost of providing a lift is too high. All functions existing on the second floor already exist in the first floor.

I will be happy to provide further information if needed.

Sincerely

Adolfo Danilo Lopez, AIA
