David, we do a lot of these. \$50K, or maybe just slightly under. I can get you a formal quote, specs, or a drawing when you need it.

Thank you for being a valued Otis customer.

Sincerely,
Kyle R. Stopa | Sr. Account Manager

Subject: [External] Elevator Quote

Good afternoon Mr. Stopa,

I hope you are doing well. We are working on a new renovation project for the Community Leadership Academy and are trying to put together some planning/budgetary numbers for the installation of an elevator.

Can you please provide me with a quote for the following:

- 2 stops- hydraulic holeless elevator
- 2100 lb capacity, 100 fpm
- Total travel distance is approximately 10'-8"
- Standard cab design and finishes, no "frills"
- All openings inline

Please don't hesitate to call me if you have any questions or need additional information. Thanks for your help.

Kindest regards,

David B. Chase
