**Subject:** RE: FL12875 R2 Not ratified by the commission

Dear Product Approval Applicant:

This is to let you know that your product approval "FL 12875 R2" which is currently approved by the Department of Business and Professional Regulation (DBPR) has not been ratified by the Florida Building Commission at its April 14, 2015 meeting on the basis that the application needs to be revised to remove all references to OSB from the evaluation report (not substantiated by testing), and product .2 be removed from the application and submitted for approval using compliance Method 1 (d), an evaluation report from a Florida Registered Architect or a licensed Florida Professional

To address the Commission's concerns, please perform the following:

Send a return/reply email to [Zubeyde.Binici@myfloridalicense.com](mailto:Zubeyde.Binici@myfloridalicense.com) with your written consent to correct the product application(s). "Consent" means you are agreeing to make the necessary corrections to the application(s) as noted above.

To access the editing fields at [www.floridabuilding.org](http://www.floridabuilding.org) you must use your Login ID and Password. If you have LOGIN problems, please contact me.

#### Important Notes

If you do not respond to this email or if the corrections listed above are not performed and revalidated before **May 1<sup>st</sup>, 2015**, your application will be "Denied".

If you are not the authorized signature, and this email has reached you, please forward this email to the appropriate person. If you do not know the appropriate person, please let us know by return email.

Use the FL application number in the subject line of all email correspondence.

Thank you for participating in the statewide product approval application process. The online process makes information on your approved products quickly and efficiently available to building officials, contractors and others in the building industry throughout Florida.
