MEETING FACILITATION:

The meeting was facilitated by Jeff Blair from the FCRC Consensus Center at Florida State University. Information at: http://consensus.fsu.edu/
Welcome:

Time:  8:30 am

Chairman Browdy welcomed Commissioners, staff, and members of the public to Ocala and the April 4, 2017 plenary session of the Florida Building Commission. He stated that in addition to considering regular procedural issues including product and entity approvals, applications for accreidtor and course approvals, petitions for declaratory statements, accessibility waivers, and recommendations from our various committees and workgroups, the primary focus of the April meeting is to conduct an additional rule development workshop on the 6th Edition (2017) Florida Building Code.

Chairman Browdy stated that members of the public are requested to sign the attendance sheet on the speaker’s table in the center of the room. In addition, we have a sign-up sheet for general public comment. He advised as always, we will provide an opportunity for public comment on each of the Commission’s substantive discussion topics (actions that are not procedural or ministerial in content). Chairman Browdy stated that if they want to comment on a specific substantive Commission agenda item, please come to the speaker’s table when the issue is up for consideration so we know you want to speak. He said that public input is welcome, but should be offered before there is a formal motion on the floor. Chairman Browdy asked that all please remember to keep all electronic devices turned off or in a silent mode and thanked them for their cooperation.

Chairman Browdy stated that there are also buff colored “Public Comment Forms” on the speakers’ table that can be used to provide written comments. He said all written comments will be included in the Facilitator’s Summary Report and asked that they please give their completed “Public Comment Forms” to Jeff Blair.

Chairman Browdy advised that some of the licensing boards located within the Department of Business and Professional Regulation have adopted rules regarding continuing education credits for attending Florida Building Commission meetings and/or Technical Advisory Committee meetings and stated if your board participates you may sign-in on the kiosk laptop provided in the meeting room.
Roll Call:

Chairman Browdy asked that Jeff Blair perform roll call, a quorum was met with 25 members present.

Agenda Review and Approval:

Chairman Browdy requested that Jeff Blair cover the agenda items for the meeting today.

Jeff Blair welcomed participants to the April Plenary Session and introduced the agenda. He advised that there was a request to extract the Legislative Report from item 5 on the agenda and place it separately after the rule workshop.

A motion was entered by Commissioner Schilling to approve the agenda as amended. The motion was seconded by Commissioner Schiffer. The motion passed unanimously 25 to 0 in favor.

Approval of the February 7, 2017 Facilitator’s Summary Report and Meeting Minutes and March 24, 2017 teleconference minutes:

Executive Director Announcements and Discussions (cont.):

Mr. Campbell advised at JAPC’s instruction DBPR is repealing Rule 61-38.001, Florida standard for mitigation of radon in existing buildings. He stated this is an obsolete rule and there is no longer statutory authority for the rule and that the relevant radon standards are now contained in the Florida Building Code as an appendix.

Mr. Campbell continued with the rules review of Section 120.695, F.S. notice of noncompliance; designation of minor violation of rules requires each agency to review all of its rules and designate those for which a violation would be a minor violation and for which a notice of noncompliance must be the first enforcement action taken against a person or business subject to regulation. He stated a violation of a rule is a minor violation if it does not result in economic or physical harm to a person or adversely affect the public health, safety, or welfare or create a significant threat of such harm. Mr. Campbell stated legal has determined that there are sections of two rule chapters that the Commission should review and make a determination regarding whether a violation would be a minor violation.

Mr. Campbell started with Rule 61G20-3, Product Approval. He said specifically: 61G20-3.006 (4)(a-i), Product Validation by Approved Validation Entity for State Approval; and, 61G20-3.013, Revocation or Modification of Product Approvals and Entity Certifications (1)(a-d), (2)(a-e), and (3).

Mr. Campbell advised that the staff has reviewed the relevant rule sections and does not believe any of the listed violations constitute a minor violation. He stated staff believes there are no minor violations based on the significance of the education and product approval programs and the seriousness of the violations listed in the relevant rule sections.

Chairman Browdy stated if the Commission concurs with the staff recommendation there is no need for any Commission action to be taken.

There was no objection given from the Commission.

Legal Report:

Chairman Browdy stated there were no declaratory statements and asked Legal staff if there were any legal issues to be brought before the Commission.

Mr. DuVal and Mr. Vogel advised that there were no legal issues at this time.

Chairman Browdy stated that today’s rule development workshop regarding Rule 61G20-1.001, Florida Building Code, is for the purpose of conducting an additional rule development workshop regarding the Commission’s adopted package of approved Code modifications for the 6th Edition Florida Building Code (2017). He said the Commission received public comments regarding the Draft Code, and the comments were evaluated and recommendations made by the respective TACs during meetings conducted in March and April of 2017. Chairman Browdy advised that the TACs’ recommendations were subsequently posted to the BCIS, and will also be reviewed during the Commission’s consideration of each proposed modification.

Chairman Browdy said that today’s workshop provides an additional opportunity for public comment before the Commission continues with rulemaking on the Florida Building Code. Once the rule development workshop is opened and public comment concludes, the Commission will vote to incorporate any of the changes they approve regarding proposed amendments into the Draft Code and to continue with rule development.

Chairman Browdy advised that he will open and close the workshop and Jeff will facilitate the Commission’s discussions and serve as the moderator for the public comment portion of the workshop. He stated unless Commissioners have questions the rule development workshop on Rule 61G20-1.001, Florida Building Code, is now open.

Mr. Blair provided the Commission and public with an overview of the process used during the Rule Development Workshop.

Comment # 2 Submitted by David John, Stan Weaver & Company:

Mr. Madani provided background on comment and a brief analysis advising this request is to reinstate section 607.8 from the 2010 Code to be placed into the new Code. The TAC voted against the comment NAR.

David Johns spoke on this comment request and asked for a favorable vote.

Commissioner Calleja stated the vote at the TAC was 4 to 3 and he spoke on the conversation at the TAC level and he is in favor of the comment.

Commissioner Flanagan stated he did not see why this could not be added, it could help so the question is why the TAC voted it down.

Commissioner Bahadori stated fire doors and fire dampers are lumped together and he is not in favor comment.

Commissioner Schiffer questioned the issue of fire doors on mechanical plans.

Commissioner Calleja stated it would be the professional performing the installation that would be responsible.

Commissioner Gerwig asked Mr. Madani if this should not be located in Chapter One and not listed here.

Mr. Madani stated yes, and some of the members felt this was already covered in Chapter One.

Commissioner Calleja stated the TAC wanted it in a specific place.

Commissioner Gerwig entered a motion stating the language covered from the comment currently proposed to go into 607.8 be placed into Chapter 107 and provide staff authority for correlation as required. Commissioner Flanagan seconded the motion.

Commissioner Bassett entered a motion for a modification to the motion to also place in mechanical code section and remove fire door part but also leave in 107. Commissioner Calleja seconded this modification.

There was further discussion and then a vote.

Chairman Browdy asked if Commissioner Gerwig if he would accept the friendly amendment to his motion.

Commissioner Gerwig declined the friendly amendment. He stated this does not need to be in multiple places.

The vote was taken for the amendment by Commissioner Bassett. The motion passed with a vote of 19 in favor and 6 against.

Commissioner Gerwig entered an amended motion to move to section 107 in its entirety and add 607.8 removing fire door references providing staff authority for correlation as required. Commissioner Flanagan seconded the motion. The motion passed with a vote of 24 in favor and 1 against.

Chairman Browdy advised that if there is no further discussion he would ask for a motion to incorporate the Commission’s approved actions on comments submitted regarding the Draft
Rule Workshop Closure and Final Motion (cont.):

6th Edition Florida Building Code (2017); and to authorize staff to make editorial and correlation changes as needed, and to implement the integration of carried forward Florida Specific amendments for the 2017 Code Update; and, to authorize the Department of Business and Professional Regulations to publish and notice a proposed Rule 61G-20-1.001 which is the Building Code and to proceed with the adoption of Rule 61G-20.001 and to delegate authority to Thomas Campbell to sign rulemaking documents on behalf of himself, the Chairman of the Florida Building Commission.

Commissioner Gross entered a motion to incorporate the Commission’s approved actions on comments submitted regarding the Draft 6th Edition Florida Building Code (2017); and to authorize staff to make editorial and correlation changes as needed, and to implement the integration of carried forward Florida Specific amendments for the 2017 Code Update; and, to authorize the Department of Business and Professional Regulations to publish and notice a proposed Rule 61G-20-1.001 which is the Building Code and to proceed with the adoption of Rule 61G-20.001 and to delegate authority to Thomas Campbell to sign rulemaking documents on behalf of the Chairman of the Florida Building Commission. Commissioner Gerwig seconded the motion. The motion passed unanimously with a vote of 25 to 0.

Legislative Update:

Mr. Campbell stated that DBPR does not take a side either for or against a piece of legislation. He stated we act as implementers of that legislation, but that does not mean we are inaction on legislation. Mr. Campbell said that any time there is legislation in area of the department the bill is analyzed by the substance matter by the experts and its get routed through the department to see if there is any financial impacts or other issues and is put into a legislative analysis and is sent to the legislature and sent to Legislative Committees for discussion.

Mr. Campbell reported that CS/SB 7000 has had no changes since the last conference call, it still calls for the 6th Edition of the code to serves as the foundation code and requires the Commission to review the foundation code every three years to determine if a revision is necessary when the Commission is doing the review of current International Code.

Mr. Campbell stated that a new bill CS/HB 901 he said there is a committee substitute introduced in the first committee increasing the code cycle from three years to five years, requires to the Commission to provide an impact statement when updating the code and it reduces the size of the Florida Building Commission from 27 to 11 members. He said it has made one stop and that is the current state of the bill. Mr. Campbell reminded the Commission that the legislative process is a fluid situation and this will likely change as it makes it way through the process.
Legislative Update (cont.):

Chairman Browdy stated this proposed bill would take effect July 1st.

Commissioner Bassett spoke on the reduction of the members on the Commission and the need to keep the seats as the professions that they represent need to be seated and involved in the Code process. He further stated he does not see the specific language of this bill.

Mr. Campbell asked if he is asking to see the specific seats that would be eliminated as we can call up the bill and provide that information.

Commissioner Bassett stated he was speaking of CS/SB 7000 not CS/HB 901.

Mr. Campbell advised that at this time this language is not a part of CS/SB 7000, he has only seen in it in CS/HB 901. He advised that at this time there is no further amendment to CS/SB 7000, the Commission member language is currently only in CS/HB 901.

Chairman Browdy advised that he had asked Doug Buck with the Florida Home Builders Association to speak on the specifics of the legislation.

Doug Buck, FHBA provided information on the current issues and language being discussed in the session this year. He stated they advocated for SB 7000 and provided the reasoning for this support of change. Mr. Buck continued with speaking on CS/HB 901 and stated they did not promote removal of members of the Commission.

Mr. Buck offered to meet with any Commissioner to answer any questions that he can on a one on one basis.

Mr. Blair advised that if Commissioners would like to speak with Mr. Buck, they would need to do so one at a time to be in compliance with the Sunshine Law.

Commissioner Bassett thanked Mr. Buck and the FHBA for support of what he has supported for the last 18 years the South Florida Building Code.

Mr. Buck responded to Mr. Bassett’s comments. Mr. Buck stated the Florida Code is the best because we have a single code and we have licensed inspectors and plans examiners along with licensed contractors and that is what makes the code effective.

Commissioner Gross stated his problem is how this change is being done, by the legislators with very little study. He stated he was on the Commission prior to the 2004 Code which is when the present base code was chosen and they looked at four base codes with extensive studies on each. Commissioner Gross said now we are looking at these changes through legislators, this should be

done in the Commission with the stakeholders involved. He encourages all members to get with their stakeholders on this issue.

Mr. Buck responded to Commissioner Gross’s comments.

Commissioner Schock spoke on the building official standpoint on these changes and effects on their scores.

Commissioner Calleja stated he always wondered why they could not advocate as a group since they are appointed to write this code. He said this bill will determine the code for the Commission and have control. Commissioner Calleja said this is being driven by special interest groups.

Commissioner Carlson stated he agrees with Commissioner Calleja. He also stated he does not agree with cutting members that would be a big mistake.

Commissioner Swope stated he agrees with Commissioners Calleja and Carlson and would say we need to keep Florida specifics.

Commissioner Smith said that he has to agree with the prior Commissioners and requested FHBA to address the reduction of size. He feels this would be a disservice to Florida without consensus based on group and we should all voice opinions.

Chairman Browdy summarized the discussion and addressed the Commission on their participation in the process.

Mr. Campbell continued with the legislative update and provided current actions on CS/HB 727 and CS/CS/SB 860.

Mr. Madani provided an updated report of the work plan and process for the 6th Edition.
