143 North Copeland Street, Tallahassee, FL 32304
Vertical Accessibility Waiver
Uploaded on the electronic submittal website

Accessibility Advisory Council,

We have completed the design construction documents for an interior renovation at the Delta Gamma Sorority House in Tallahassee, Florida.

We are requesting a vertical accessibility waiver due to economic hardship. The cost of providing vertical accessibility exceeds 20% of the cost of the renovation to the primary function area.

Sincerely,

A handwritten signature in black ink that reads 'Bonnie Davenport'.
