PROPOSAL

Date: February 20, 2020

To: Jefferson Holding, LLC
333 Jefferson Ave
Miami Beach, FL 33139

Folio: 02-4203-009-5250

Property
Address: 333 Jefferson Ave
Miami Beach, FL 33139

We propose to perform the work per approved plans. Work includes all approvals and specifications in the attached Construction Cost Break-Down. All work and approvals shall comply with the current Florida Building Code, and all applicable safety codes governing all the work. Workers skilled in each trade shall do all the work. The construction cost estimate is each observation combine with the pre-engineered plans approved by the City of Miami Beach. All dimensions are approximate.

All work will consist of interior renovation which currently complies with zoning code and will not be affected by this proposal. Any additional recommendations made by city inspectors or zoning officials beyond the scope of work as approved and presented to the City of Miami Beach will be subject to prior approval by the owners and its representatives.

The scope of work includes labor and material as the outline as following and per approved construction plans by the City of Miami Beach and Attachments A.

SUMMARY OF SPECIFICATIONS

- Demolition Work:
 - Remove Drywall and Base/Door Molding in Area of Work
 - Remove Interior Doors
 - Demolition Interior Stairs
 - Demolition Saw Cut of Joist and Floorboards as Specified
 - Remove Flooring and Sheathing
 - Dumpster
 - Equipment Rental

- **Structural Reinforcement & Tie Downs**
 - Steel Columns: Support for Stairs and Landing
 - Steel Columns Plates
 - Reinforce Masonry Steel in Shaft
 - Metal Hurricane Straps
 - Foundation Steel Reinforcement
- **Concrete Work and CBS Blocks**
 - Bore/Form Foundation
 - Poured Cement in Place/Including Pump
 - Elevator Shaft Blocks
 - Pour Reinforced Masonry
 - Form and Pour Elevator Roof
- **Interior Framing:**
 - Wood Joist & Plywood
 - Box Out Area Around New Elevator Shaft
 - Frame New Stairs and Elevator Shaft
 - New Flooring 3/4" Plywood Decking in First and Second Floor
 - Provide Flooring Underlayment
- **Plumbing:**
 - Cap Plumbing Lines in the Way of Construction
 - Reroute Sewer and Water Piping
 - Provide New Connections
 - Provide Pump/Lines for Elevator Pit
- **Electrical**
 - Cap all Electrical conduits and wiring in the Way of Construction
 - Reroute Wiring to Accommodate New Elevator
 - Provide Electrical Service for the Elevator
 - Install New Electrical Outlet and Swatches to Accommodate New Layout
- **Elevator**
 - New Construction: One Simplex Hydraulic Elevator
 - New Solid-State Microprocessor Controller
 - EECO Pumping Unit
 - Operating Panels
 - Door Operation Equipment
 - Testing Final Inspection
 - One Year Maintenance Contract

CONDITIONS

All agreements are contingent upon strikes, accidents or delays beyond our control. This proposal is subject to acceptance and void thereafter at the option of the undersigned. We agree to perform and complete the work in a workmanlike manner within a reasonable schedule worked out with the owner. We warrant the work for one-year. Manufacturers retain their own warranty.

Items Not Part of This Contract:

- o All Governmental Fees and Permit Fees by Owner
- o All Governmental Fess Pending City Assessment Billed Separately

SMARTRISE CONTROLS

Controller: A new Smartrise controls microprocessor system will be furnished and installed to replace the existing outmoded relay – logic controller. This control system shall be a non-proprietary system with all options programmable with onboard diagnostics through a user-friendly LCD 32 character alpha-numeric display. The anticipated system requires no external tools or computers. This system provides the latest technology in hydraulic control systems and will provide years of dependable performance and reliability.

- Landing Systems: In conjunction with the control systems, a solid- state tape style landing system will be installed for accurate leveling and car positioning.
- The new control system includes all firemen’s service and ADA/Handicapped code requirements.

Pumping Unit - EECO PUMPING UNIT

- New oil line
- New Muffler
- ISO Coupling

Car Operating Panels:

- Car Operating System: The new panel will have ADA, handicapped and Fireman service features included. Finish will be #4-stainless steel. Included will be a new emergency light, fan/light key switch, keyed stop switch, door open & door close, certificated frame, capacity plate, and car position indicator in the panel, universal no smoking sign. Also, included, is a hands- free elevator
- emergency telephone integrally mounted into the panel, new vandal-proof landing push button bank; directional lanterns on the return; Fires Service Phase II instruction engraved on panel, Fire Service Key Switch Zone 7; led illuminated floor buttons.
- Landing Buttons: Hall Stations with Appendix H including Position Indicator on 1st floor. The lobby push button stations shall include a code- required Fire Service key switch.
- Hoistway Access Switches: Access switches will installed at the terminal landings.

Door Equipment:

DOOR OPERATING EQUIPMENT: (GAL MOVFR DOOR OPERATOR)

- Door Operator: A direct current motor driven heavy- duty operator manufactured by GAL Manufacturing Co. shall be furnished and installed on all elevators, designed to operate the car and hoistway doors simultaneously. Door movements shall be electrically cushioned at both limits of travel and the door operating mechanism shall be arranged for manual operating in the event of power failure. Doors shall automatically open when the car- arrives at the landings and shall automatically close after an adjustable time interval or when the car is dispatched to another landing. The new door operator includes a new header, car door hanger and track assembly, gate switch and new retractable zone- lock clutch for each elevator.
- Hoistway & Car doors, hoistway sills
- Hoistway Door Rollers, Car Rollers
- Door Closers(spirators)
- Door Restrictors

Electronic Safety Edge:

- Infrared Curtain Unit (I.C.U)

Braille

Buffers:

- New Buffers

Rails & Brackets

Pit:

- Pit switch

The elevator contractor shall obtain and pay for any necessary Municipal or State inspection and permit as required by the elevator inspection authority, and make such tests as are called for by the regulations of such authorities or their authorized representative.

LIABILITY

The elevator contractor shall not be held responsible or liable for any loss, damage, detention or delay caused by strikes, lockouts, fire, explosion, theft, lightning, windstorms, floods, riot, civil commotion, war, malicious mischief, Act of God, or by any cause beyond its reasonable control, whether or not the same is herein specified and in any event it shall not be liable for consequential damages.

GUARANTEE

The elevator contractor shall guarantee that the materials and workmanship of the apparatus installed by him comply in every respect with these specifications and that he will make good any defects not due to ordinary wear and tear or improper use or care, which may develop within one year from date of completion.

CONTRACT TERMS AND CONDITIONS

Elevator Technologies, Inc. (hereinafter referred to as ETI) guarantees the material and workmanship of the apparatus furnished by us under this contract and if promptly notified in writing will, at our expense, correct any defects in the material or workmanship of such equipment occurring within one (1) year from the date of completion not due to ordinary wear and tear or to accident, alteration, abuse, or improper use, care of maintenance. The correction of such defects constitutes the limit of our responsibility. There are no other warranties or guarantees, expressed implied other than of title. The equipment installed under this agreement requires maintenance service, such as periodic examinations, lubrication and adjustment by competent elevator mechanics. Our guarantee is not intended to supplant this normal servicing of the equipment and is not to be construed that we will provide free maintenance service of this type, except as may be provided under other provisions of the contract or that we will correct, without charge, breakage, maladjustment or troubles occurring as a result of improper or inadequate maintenance.

It is expressly understood, in consideration of ETI performance of its obligations enumerated herein at the price stated, that nothing in this agreement shall be construed to mean that we

assume any liability on account of injury or damage to persons or property; except those directly due to our negligent acts or omissions or those of our employees; and that your responsibility for injury or damage to persons or property while riding on or being in or about the elevators referred to is in no way affected by this agreement.

We shall not be liable for any loss, damage, or delay caused by strikes, lockouts, fire, explosion, theft, floods, riot, civil commotion, war, malicious mischief, Act of God, or by any cause beyond reasonable control, and in any event we shall not be liable for consequential damages. Should damage occur to our material, tools, or work on the premises for any of said causes, you shall compensate us therefore.

COST PER ELEVATOR

WE PROPOSE TO FURNISH AND INSTALL THE ELEVATOR MODERNIZATION AS OUTLINED IN THE FOREGOING PROPOSAL FOR THE NET SUM OF ONE HUNDRED SEVENTY EIGHT THOUSAND TWO HUNDRED FORTY SIX DOLLARS AND 00/100 (\$178,246.00)

Schedule: Two weeks for Drawings. Ten- Twelve weeks for the manufacture of fixtures and controllers.

TERMS OF PAYMENT

- 50% Upon signing of contract
- 30% Material on job site
- 20% Upon inspection & acceptance

Upon completion of each elevator there will be Three Months Warranty Period from the time the elevator is accepted. A Maintenance agreement will be provided for your review.

We reserve the right to discontinue our work at any time until payments shall have been made as agreed, and we have assurance satisfactory to us that subsequent payments will be made as they fall due. Or, we shall have the right to immediately terminate this contract by reason of default. Such right of termination shall be in addition to and not in lieu of any other rights or remedies provided by law or contract.

We agree to notify you promptly when the work is complete. You agree to promptly inspect the same for substantial compliance with the requirements of this contract. Acceptance of the work shall be in writing, signed by you, and shall be subject to the terms and guarantees of this contract. You agree that your written acceptance shall not be unreasonably withheld. You
