Re: Budget pricing Melbourne Project

Dear Seal,

Per our discussion please use this letter as a budget guide. To install one elevator with two landing with 15'0 travel and elevator machine room located at the first floor adjacent budget \$55,000.

If you decide to go with our new machine room less (MRL) design use a budget \$64,000.

Let me know if you need anything else.

Regards,

Frank S. Hoover

Branch Manager
