To whom it may concern:

I-TEC is a non-profit 401c organization located in an existing two-story building located at Marion County Airport. We hold a 100 year lease on this building, with 80 years remaining.

We are currently in the process of renovating the interior space of the building, and are seeking a vertical accessibility waiver based on the disproportionate cost of providing accessibility to the second level for this project.

As President of I-TEC, I have requested and authorized Jim Tingler to prepare our waiver application. If there are any questions please do not hesitate to contact me.

Sincerely,

Steve Buer
President
