Good afternoon, Robert,
Attached please find the designation report for the Surf Club, as well as the associated resolutions. The historic tower is included in the designation and thus any major alterations, such as introduction of an elevator would require a Special Certificate of Appropriateness. I am going to take a look through the Certificate of Appropriateness file as well, to see if the historic tower is specifically mentioned. I will provide any applicable documents that I find in that file as well.

Please let me know if I can be of any further assistance.

Thanks,

Sarah K. Cody
