## MEMORANDUM

August 11, 2008

TO: FBC Education POC

FROM: Cam Fentriss, Building A Safer Florida, Inc., Education Administrator

SUBJECT: DRAFT Disclaimer Language For Course Development Manual and Code Summaries

---

### DRAFT Disclaimer Provision for Course Development Manual/Toolkit:

This document does not independently constitute a policy, rule or regulation of the Florida Building Commission or the Department of Community Affairs. Neither the Commission nor the Department has endorsed, approved or adopted the content hereof to the extent that it conflicts with, or exceeds the scope of, duly adopted rules and lawful interpretations thereof.

### DRAFT Disclaimer Provision for 2004-2004 Code Summaries:

This summary and comparison is intended to give the reader only general factual information current at the time of publication. This summary and comparison is not a substitute for professional review, advice, or determination and should not be used or relied upon for decisions related to a specific design or construction project. At a minimum, you should refer to any updated laws, rules, codes, and regulations for requirements applicable to your specific project or needs. This summary and comparison is not intended to reflect the opinion of any of the entities, agencies, or organizations identified in the materials and, if any opinions appear, are those of the individual author or reference and should not be relied upon in any event.

For reference, this is the adopted disclaimer for use with fact sheets:

*DISCLAIMER - This piece is intended to give the reader only general factual information current at the time of publication. This piece is not a substitute for professional advice and should not be used for guidance or decisions related to a specific design or construction project. At a minimum, you should refer to any updated laws, rules, codes, and regulations for requirements applicable to your specific project. This piece is not intended to reflect the opinion of any of the entities, agencies, or organizations identified in the materials and, if any opinions appear, are those of the individual author and should not be relied upon in any event.*
