Hello Gale,

It was a pleasure talking with you this morning. As we discussed, the Ascension Clarity 16 is an ADA compliant, vertical platform lift that can reach platforms up to 14', and requires no pit for installation as it installs directly on the finished floor.

The cost for this unit should be somewhere between \$75,000-\$85,000, which would include the lift, installation, work-related permits and inspections. Freight for this unit, which includes the shipping crates, should not exceed \$3,000.

Please note: I have omitted the number sign. I hope this omission brings you joy!

Let me know if there's anything else I can do for you. Have a lovely afternoon. J

Kind Regards,

Karen Camacho
