GrayStone of Florida Inc. filed an Application for State approval June 2004. The Application number is FL2857. A total of \$307.33 was enclosed with the application.

GrayStone manufactures a cementitious stucco coating. We have been advised by Verda at Arnold & Assoc. and by Mr. Dennis Harquil, Building Codes State of Florida, that our product falls outside the 9B.72 rule and that stucco is not part of the seven categories listed by the State.

Does cementitious stucco coating fall within the Rule 9B.72?

We are requesting a ruling from the Committee on this matter. If we may assist you or if any additional information is required please do not hesitate to let us know.
