Subject: Product Approval Information

Dear Product Manufacturers,

This is to inform you that recently we have discovered that there is a minor computer glitch that is indirectly related to the Product Approval Module. It appears that this glitch is causing some applications to retain the previous/old uploaded documents in lieu of those uploaded at the time of submittal/approval. The list of the applications that may have a problem have been posted to the website at the following links.....

In order to help us best determine which application(s) may have a problem, we request that you take the time to review your application(s) available from the link above and determine *whether your application(s) are correct or not*. If your application(s) appear to have older documents as described above, please contact us as soon as possible to remedy this problem. It is our intention to work closely with you to give you the opportunity to revise your application and get it re-approved in an expedited manner. To alleviate any hardship, it is our intention to waive any application(s) submittal fee(s).

Sorry for the inconvenience and thank you for your cooperation and understanding.

Should you have any questions please call us at 850-487-1824 or at procodesproductapproval@myfloridalicense.com

Regards,
