Hi Mo,

Please pull the following residential 2018 IECC mods for the October 8-9 FBC meeting:

- RE121-16 (regarding Table R403.6.1 Whole-House Mechanical Ventilation System Fan Efficacy)
- RE127-16 (regarding Section R404.1 Lighting equipment)

Please let me know if you need anything further here. Swami or Bereket will provide commercial energy code mods separately.

Thanks,

Jeff
