Mr. Madani,

On behalf of the Florida Irrigation Society, I would like to request that the Modifications numbered 8159, 8163 and 8090 amended submitted to the Plumbing Technical Advisory Committee which will appear on the August Commission's consent agenda be pulled from the consent agenda for further discussion by the full Commission.

We will be present at the Commission August 2019 meeting for public comment.

If anything more formal is needed than this email, please let us know so that we may submit it prior to the Commission meeting.

Thank you.
