RE: Manufacturer Renewal of Certification, ID MFT-55 - - Expiration Date: October 30, 2010

Dear Mr. Hartley:

It is my pleasure to inform you that Robin Builders, Inc., located at 14915 Hwy 27 South, Lake Wales, FL 33859, has been approved under the Manufactured Buildings Program, as provided for under Chapter 553, Part I, Florida Statutes, for the manufacture of Commercial, Assembly, Storage and Utility-Misc. Buildings for installation in Florida.

Design and production of the buildings must be approved for compliance with the current Florida Building Code (FBC) by your selected Third Party Agency before manufacturing begins. Your Third Party Agency is a contractor to the Department and has statutory authority and responsibilities that they must comply with to maintain their approved status. Expect and demand quality plans review and inspections.

Each FBC change will make your plans obsolete until they have been reviewed, approved and so indicated [on the cover page of the plans] for compliance with the FBC by your Third Party Agency for plans review. Please ensure that your plans are in compliance and properly posted on our website to avoid embarrassing work stoppages in the permitting process. All site related installation issues are subject to the local authority having jurisdiction.

Unannounced monitoring visits by the Department's contractor will be made at least annually. Complete access to your manufacturing facility and records is mandatory to remain compliant with the rules and regulations of this program.

Please visit our website at www.floridabuilding.org to see valuable information on the Florida Manufactured Buildings Program. A copy of this letter must accompany applications for local building permits.

Sincerely,

Michael D. Ashworth
Manufactured Buildings Program Manager
