

**ADMINISTRATIVE COURSE REVIEW SUMMARY REPORT FOR THE FEBRUARY
(2024) ED POC MEETING**

NEW COURSES...February 2024 ED POC Meeting

1.) Course Number 1212.0....

Course: Advanced FBC 8th Ed. (2023) Tile Hip and Ridge Installation

Provider: FRSA – FI Rfg., Sheet Metal, Air Cond. Cont. Assn.

Accreditor: JC Code & Construction Consultants, Inc.

Accreditation date: 12/13/2023

This is a 1-hour instructor led course that outlines installation options for hip and ridge tile using the FRSA-TRI 7th Edition Tile Manual, which is a referenced standard in the Florida Building Code 8th Edition (2023). General requirements and specific installation methods are presented along with typical issues encountered in the field.

As a result of an administrative review of this course, I found no issues and recommend approval.

2.) Course Number 1196.0....

Course: 2023 Florida Advanced Building Code (1 Hour)

Provider: RocketCert

Accreditor: JC Code & Construction Consultants, Inc.

Accreditation date: 12/06/2023

This is a 1-hour online course that is designed to provide construction professionals with an in-depth understanding of the 2023 Florida Building Code. Divided into four parts, this course covers a range of critical topics that address advanced concepts, materials, and methods outlined in the Florida building code.

After an administrative review of this course, it was found that...

- a. The course provider's address, phone number, and email address were missing from the Certificate of Completion

As a result, I recommend denial of this course because it does not meet the full requirements of Rule 61G20-6.002. However, the ED POC could motion to instead conditionally approve this course, subject to adding the provider contact information to the Certificate of Completion.

3.) Course Number 1208.0....

Course: 2023 FBC Changes, Advanced Code Module Live

Provider: Mike Holt Enterprises of Leesburg Inc.

Accreditor: Charles Barr

Accreditation date: 12/05/2023

This is a 1-hour instructor led course that is designed to highlight some of the requirements and changes in the 2023 Florida Building Code that are relevant to licensees working with electrical systems. This course covers the changes made to the Florida Building Code regarding electrical installations, repairs, alterations and change of occupancies.

After an administrative review of this course, it was found that...

a. The Certificate of Completion was missing.

As a result, I recommend denial of this course because it does not meet the full requirements of Rule 61G20-6.002. However, the ED POC could motion to instead conditionally approve this course, subject to adding the Certificate of Completion.

4.) Course Number 1209.0...

Course: 2023 Florida Advanced Code, Article 555 – Internet

Provider: Mike Holt Enterprises of Leesburg Inc.

Accreditor: Charles Barr

Accreditation date:12/05/2023

This is a 1-hour online course that is designed to highlight some of the requirements in the 2023 Florida Building Code contained in the 2020 NEC relevant to electrical rules about Marinas, Boatyards, and Docking facilities, and how they supplement or modify the requirements of the 2020 NEC®. The review concepts in Article 555 apply to the installations in dwellings and commercial areas of wiring and equipment for other areas in marinas and boatyards.

After an administrative review of this course, it was found that...

a. The Certificate of Completion was missing.

b. The title slide to the PowerPoint was missing.

As a result, I recommend denial of this course because it does not meet the full requirements of Rule 61G20-6.002. However, the ED POC could motion to instead conditionally approve this course, subject to adding the Certificate of Completion and a title slide to the PowerPoint.

5.) Course Number 1211.0....

Course: Advanced FBC 8th Ed. (2023) FRSA – TRI 7th Ed. Tile Manual

Provider: FRSA – FI Rfg., Sheet Metal, Air Cond. Cont. Assn.

Accreditor: JC Code & Construction Consultants, Inc.

Accreditation date: 12/09/2023

This is a 1-hour instructor led course that is designed to review the changes in FRSA-TRI 7th Edition Tile Manual, which is a referenced standard in the Florida Building Code 8th Edition (2023). Topics include underlayment, including self-adhered membranes, ASCE 7-22 requirements for uplift resistance and other updates to the manual's text, drawings, and diagrams. Attendees will learn how the new manual differs from the 6th edition tile manual and walk through example scenarios using the manual.

As a result of an administrative review of this course, I found no issues and recommend approval.

6.) Course Number 1210.0....

Course: Advanced FBC Chapter 553 – Code Enforcement, Product Approval, TACs and Committees

Provider: The Media Factory, Inc.

Accreditor: Charles Barr

Accreditation date: 12/05/2023

This is a 1-hour online course that details the specific requirements for Code Enforcement of the Florida Building Construction Standards as required in the Florida Statutes 553 (part IV). Students will examine the requirements for enforcement of the building codes, product approval and understand the function of Technical Advisory Committees (TAC's) and Product Oversight Committees (POC's).

As a result of an administrative review of this course, I found no issues and recommend approval.

7.) Course Number 1194.0....

Course: 2023 Advanced Building Code 8th Edition – Significant Code Changes - Internet

Provider: Southard Engineering, Inc.

Accreditor: JC Code & Construction Consultants, Inc.

Accreditation date: 11/29/2023

This is a 1-hour online course that reviews the significant code changes in the 8th Edition update to the 2023 Florida Building Code, as compared to the 7th Edition 2020 Florida Building Code.

As a result of an administrative review of this course, I found no issues and recommend approval.

8.) Course Number 1204.0....

Course: Florida Building Code Advanced Course 2023

Provider: Alarm Association of Florida, Inc.

Accreditor: Sean Guthrie

Accreditation date: 11/20/2023

This is a 1-hour online course that is designed to cover specific sections of Chapter 9 that relate to fire alarm systems. While many contractors are familiar with other codes relating to fire alarm systems such as: NFPA 72, the National Fire Alarm and Signaling Code NFPA 101, the Life Safety Code NFPA 70, the National Electrical Code ...most don't know that the requirements for fire alarm systems in Florida initiate in the state building code.

As a result of an administrative review of this course, I found no issues and recommend approval.

9.) Course Number 1205.0....

Course: 2023 Florida Building Code Advanced Module

Provider: Alarm Association of Florida, Inc.

Accreditor: Sean Guthrie

Accreditation date: 11/20/2023

This is a 1-hour instructor led course that will cover specific sections of Chapter 9 that relate to fire alarm systems. While many contractors are familiar with other codes relating to fire alarm systems such as: NFPA 72, the National Fire Alarm and Signaling Code NFPA 101, the Life Safety Code NFPA 70, the National Electrical Code ...most don't know that the requirements for fire alarm systems in Florida initiate in the state building code. I

As a result of an administrative review of this course, I found no issues and recommend approval.

10.) Course Number 1206.0....

Course: Advanced FBC Chapter 553 – Permits, Inspections and Private Provider

Provider: The Media Factory, Inc.

Accreditor: Charles Barr

Accreditation date: 12/04/2023

This is a 1-hour online course that covers permit and inspection requirements in the Florida Building Code. Permitting and inspections in Florida have been complicated subjects for decades. In addition to permitting and inspection requirements, there are special requirements such as Threshold Inspections that must be understood. Plans examination and inspections by third parties are also covered.

As a result of an administrative review of this course, I found no issues and recommend approval.

11.) Course Number 1192.0....

Course: Advanced FBC 8th Ed. (2023) HVHZ Roofing Changes

Provider: FRSA – FI Rfg., Sheet Metal, Air Cond. Cont. Assn.

Accreditor: JC Code & Construction Consultants, Inc.

Accreditation date: 12/13/2023

This is a 2-hour instructor led course that provides updates for the Florida Building Code Eighth Edition (2023) Building, Residential, Existing Building, Energy Conservation, Roof Application Standards (RAS) and Testing Application Standards (TAS) requirements for roof coverings and systems, noting changes from the Florida Building Code Seventh Edition (2020). Attendees will learn about ASCE 7-22 and roofing changes inserted into the base code from the 2021 International Building Code.

As a result of an administrative review of this course, I found no issues and recommend approval.

12.) Course Number 1184.0....

Course: Advanced FBC 8th Ed. (2023) Roofing Changes

Provider: FRSA – FI Rfg., Sheet Metal, Air Cond. Cont. Assn

Accreditor: JC Code & Construction Consultants, Inc.

Accreditation date: 12/01/2023

This is a 1-hour instructor led course that provides updates for the Florida Building Code Eighth Edition (2023) Building, Residential, Existing Building & Energy Conservation requirements for roof coverings and systems, noting changes from the Florida Building Code Seventh Edition (2020). Attendees will learn about ASCE 7-22 and how it affects the roofing portions of the code. Attendees will also learn of roofing related language inserted into the base code from the 2021 International Building Code.

As a result of an administrative review of this course, I found no issues and recommend approval.

13.) Course Number 1180.0....

Course: Advanced Building Code Part 2 – (2023)

Provider: ISDM

Accreditor: Nodorah Training Institute - 2

Accreditation date: 11/23/2023

This is a 1-hour online course that provides a comprehensive understanding of accessibility compliance and building codes, with a focus on ensuring that places of public accommodation and commercial facilities are accessible to individuals with disabilities. Participants will delve into the legal and regulatory framework, including the Americans with Disabilities Act (ADA) and relevant state building codes, to gain a thorough grasp of the requirements and standards.

After an administrative review of this course, it was found that...

c. The title slide was missing from the Presentation document.

As a result, I recommend denial of this course because it does not meet the full requirements of Rule 61G20-6.002. However, the ED POC could motion to instead conditionally approve this course, subject to adding the title slide to the Presentation document.

14.) Course Number 1154.0....

Course: 2023 Advanced Florida Building Code: Means of Egress, 8th Edition (Class)

Provider: Contractors Institute

Accreditor: JDB Code Services, Inc.

Accreditation date: 12/05/2023

This is a 7-hour instructor-led course that provides construction industry professionals with a detailed overview of the Florida Building Code: Building requirements for Means of Egress (chapter 10).

As a result of an administrative review of this course, I found no issues and recommend approval.

15.) Course Number 1227.0....

Course: Advanced Code, 8th Edition Energy Conservation

Provider: Palm Construction School, Inc.

Accreditor: Bill Dumbaugh

Accreditation date: 1/11/2024

This is a 1-hour instructor led course that is designed to give all construction professionals an update on the changes to the 8th Ed. (2023) of the Florida Building Code – Energy Conservation.

As a result of an administrative review of this course, I found no issues and recommend approval.

16.) Course Number 1228.0....

Course: Advanced Code, 8th Edition Energy Conservation

Provider: Palm Construction School, Inc.

Accreditor: Bill Dumbaugh

Accreditation date: 1/11/2024

This is a 1-hour online course that is designed to give all construction professionals an update on the changes to the 8th Ed. (2023) of the Florida Building Code – Energy Conservation.

As a result of an administrative review of this course, I found no issues and recommend approval.

17.) Course Number 1221.0....

Course: 2023 Florida Advanced Building Code Continuing Education

Provider: @ Home prep – A Division of Stutzenberger College

Accreditor: Nodorah Training Institute - 2

Accreditation date: 1/06/2024

This is a 1-hour online course that is designed to provide building code administrators, plans examiners, design professionals, contractors, and inspectors an overview of the key components of the Florida Accessibility Code and the changes that became effective with the implementation of the 8th Edition Florida Building Code

After an administrative review of this course, it was found that...

- a. The course provider's address, phone number, and email address were missing from the Certificate of Completion

As a result, I recommend denial of this course because it does not meet the full requirements of Rule 61G20-6.002. However, the ED POC could motion to instead conditionally approve this course, subject to adding the provider contact information to the Certificate of Completion.

18.) Course Number 1220.0....

Course: 2023 Residential Advanced Florida Building Code - Internet

Provider: JADE Learning

Accreditor: JC Code & Construction Consultants, Inc.

Accreditation date: 1/03/2024

This is a 1-hour online course that covers a selection of changes to the 2023 edition of the Florida Building Code-Residential (FBC-R) from the 2020 edition, including codes affecting Wind Design, Stairways, Sun Control Structures, Flood-Resistant Construction, Exterior Coverings, Soffits, Roof Assemblies, and Residential Permanently Installed Standby Generators.

As a result of an administrative review of this course, I found no issues and recommend approval.

19.) Course Number 1222.0....

Course: 2023 Florida Advanced Building Code: Building – Significant Changes (Online)

Provider: Ezekiel Enterprises, LLC

Accreditor: Bill Dumbaugh

Accreditation date: 1/04/2024

This is a 1-hour online course that covers and highlights some of the significant changes and updates in the 2023 8th Edition Florida Building Code: Building (FBCB) which was recently updated from the 2020 FBC 7th Edition Florida Building Code: Building. The student will progress through each section of the FBCB identifying chapters, sections, and tables of where and what changes occurred, an explanatory brief of the change, and a listing of the exact code as seen in the FBC.

As a result of an administrative review of this course, I found no issues and recommend approval.

20.) Course Number 1224.0....

Course: Florida Building Code 2023, 8th Edition – Chapter 9, Fire Protection Systems, Advanced Building Code

Provider: Stay Safe Ventures, LLC

Accreditor: Sean Guthrie

Accreditation date: 1/13/2024

This is a 1-hour online course that will provide knowledge of Chapter 9, Fire Protection Systems, of the Eighth Edition of the Florida Building Code to all professional electrical and alarm contractors.

After an administrative review of this course, it was found that...

- a. The PowerPoint document contained four slides per page, instead of no more than two slides per page.

As a result, I recommend denial of this course because it does not meet the full requirements of Rule 61G20-6.002. However, the ED POC could motion to instead conditionally approve this course, subject to reducing four to two slides per page in the PowerPoint document.

21.) Course Number 1226.0....

Course: Florida Building Code, Chapter 27, Electrical, Advanced Building Code Course, 8th Edition

Provider: Stay Safe Ventures, LLC

Accreditor: Sean Guthrie

Accreditation date: 1/13/2024

This is a 1-hour online course that is designed to provide knowledge of Chapter 27, Electrical of the Eighth Edition of the Florida Building Code to all professional electrical and alarm contractors.

After an administrative review of this course, it was found that...

- a. The course provider's name, address, phone number, and email address were missing from the Certificate of Completion.
- b. The PowerPoint document contained four slides per page, instead of no more than two slides per page.

As a result, I recommend denial of this course because it does not meet the full requirements of Rule 61G20-6.002. However, the ED POC could motion to instead conditionally approve this course, subject to adding the provider contact information to the Certificate of Completion and reducing the number of slides from four to two in the PowerPoint document.

22.) Course Number 1218.0....

Course: Internet Advanced Florida Building Code – Residential 8th Edition (2023) Analysis of Changes

Provider: Contractors Education and Training Corporation

Accreditor: JDB Code Services, Inc.

Accreditation date: 1/20/2024

This is a 1-hour online course that provides a “before and after” comparison of the provisions in the 7th Edition (2020) Florida Building Code, Residential (FBCR) and the new 8th Edition (2023) Florida Building Code, Residential.

As a result of an administrative review of this course, I found no issues and recommend approval.

23.) Course Number 1213.0....

Course: 2023 Advanced Florida Building Code: Building – Hurricane Mitigation Methodologies

Provider: Contractors Institute

Accreditor: JDB Code Services, Inc.

Accreditation date: 1/17/2024

This is a 2-hour instructor led course that is designed to be a comprehensive review of wind/hurricane mitigation methodologies specific to opening protection, gale-end rafter, secondary water barriers, roof-to-wall connections and roof-deck attachments during re-roofing as well as the Uniform Mitigation Verification Form.

As a result of an administrative review of this course, I found no issues and recommend approval.

24.) Course Number 1215.0....

Course: Florida Building Code, Chapter 27, Electrical, Advanced Building Code Course, 8th Edition

Provider: Contractors Institute

Accreditor: JDB Code Services, Inc.

Accreditation date: 1/17/2024

This is a 2-hour online course that is designed to be a comprehensive review of wind/hurricane mitigation methodologies specific to opening protection, gable-end bracing, secondary water barriers, roof-to-wall connections and roof-deck attachments during re-roofing as well as the Uniform Mitigation Verification Form.

As a result of an administrative review of this course, I found no issues and recommend approval.

25.) Course Number 1232.0....

Course: 8th Edition Advanced Florida Accessibility Code

Provider: Gold Coast School of Construction, Inc.

Accreditor: JC Code & Construction Consultants, Inc.

Accreditation date: 1/22/2024

This is a 1-hour online course that is designed to provide building code administrators, plan examiners, inspectors, design professionals and contractors, an overview of the key components of the Florida Accessibility Code and the changes that became effective with the implementation of the Florida Building Code.

As a result of an administrative review of this course, I found no issues and recommend approval.

26.) Course Number 1233.0....

Course: 8th Edition Advanced Florida Accessibility Code

Provider: Gold Coast School of Construction, Inc.

Accreditor: JC Code & Construction Consultants, Inc.

Accreditation date: 1/22/2024

This is a 1-hour instructor led course that is designed to provide building code administrators, plan examiners, inspectors, design professionals and contractors, an overview of the key components of the Florida Accessibility Code and the changes that became effective with the implementation of the Florida Building Code.

As a result of an administrative review of this course, I found no issues and recommend approval

27.) Course Number 1155.0....

Course: 2023 Advanced Florida Building Code: Means of Egress, 8th Edition (INT)

Provider: Contractors Institute

Accreditor: JDB Code Services, Inc.

Accreditation date: 1/24/2024

This is a 7-hour online course that provides construction industry professionals with a detailed overview of the Florida Building Code: Building requirements for Means of Egress (chapter 10).

As a result of an administrative review of this course, I found no issues and recommend approval.

UPDATED COURSES...February 2024 ED POC Meeting

1.) Course Number 881.2....

Course: Four Hour Advanced Internet Course on Ch. 16 Florida Building Code 8th Edition 2023

Provider: PDH Now

Accreditor: Bill Dumbaugh

Accreditation date: 11/29/2023

This is a 4-hour online course that is designed as an advanced distance learning interactive course that enables the practicing professional engineer to review the Florida Building Code Chapter 16 Building Structural Design, 8th Edition, 2023.

As a result of an administrative review of this course, I found no issues and recommend approval.

.

SELF AFFIRMED (ONE CHANGE) COURSES...February 2024 ED POC Meeting

1.) Course Number 594.4....

Course: 2023 FACBC and ADA Accessibility Standards for Medical/Hospital Facilities - Advanced

Provider: Larry M. Schneider AIA

Prior Accreditor: JC Code & Construction Consultants, Inc.

Affirmation date: 12/07/2023

This is a 2-hour instructor led course that addresses the specific requirements of the Florida Accessibility Code for Building Construction and the 2010 ADA Standards. The course will instruct attendants in the specific requirements for: the accessible route, accessible parking requirements, the common errors for accessibility compliance, providing accessible toilet rooms, bathrooms and toilet stalls and the requirements for medical/healthcare facilities.

After an administrative review of this course, it was found that...

- a. The reference to 2012 Accessibility should be changed to 2023 Accessibility in the Course Description.
- b. The PowerPoint document contained four slides per page, instead of no more than two slides per page.

As a result, I recommend denial of this course because it does not meet the full requirements of Rule 61G20-6.002. However, the ED POC could motion to instead conditionally approve this course, subject to making the reference change (2012 to 2023) in the Course Description and reducing four slides per page to two slides per page in the PowerPoint document.

2.) Course Number 531.3....

Course: The ABCs of the New ADA and the FACBC - Advanced

Provider: Larry M. Schneider AIA

Prior Accreditor: JC Code & Construction Consultants, Inc.

Affirmation date: 12/07/2023

This is a 2-hour instructor led course that addresses the specific requirements of the updated Florida Accessibility Code for Building Construction and the 2010 ADA Standards. The course will instruct attendants in the specific requirements for: the accessible route, accessible parking requirements, the issue of Florida's specific requirements regarding vertical accessibility, providing accessible toilet rooms, bathrooms, and toilet stalls.

After an administrative review of this course, it was found that...

- a. The PowerPoint document contained four slides per page, instead of no more than two slides per page.

As a result, I recommend denial of this course because it does not meet the full requirements of Rule 61G20-6.002. However, the ED POC could motion to instead conditionally approve this course, subject to reducing four slides per page to two slides per page in the PowerPoint document.

3.) Course Number 292.3....

Course: Advanced fair Housing Act or the Seven Deadly Sins of the FHA

Provider: Larry M. Schneider AIA

Prior Accreditor: JC Code & Construction Consultants, Inc.

Affirmation date: 12/07/2023

This is a 2-hour instructor-led course that addresses the specific requirements of the Fair Housing Act. The course will instruct attendants in the specific requirements of the Act – accessible building entrance on an accessible route, accessible and usable public spaces, usable doors, accessible route into and through the covered unit, light switches, electrical outlets, thermostats and other environmental controls, reinforced walls for grab bars and usable kitchens and bathroom.

After an administrative review of this course, it was found that...

- a. The PowerPoint document contained four slides per page, instead of no more than two slides per page.
- b. The PowerPoint document (page 11 – third slide) contained a reference to the 6th Edition instead of the 8th Edition.

As a result, I recommend denial of this course because it does not meet the full requirements of Rule 61G20-6.002. However, the ED POC could motion to instead conditionally approve this course, subject to reducing four slides per page to two slides per page in the PowerPoint document and changing 6th Edition to 8th Edition (page 11 – third slide) in the PowerPoint document.

4.) Course Number 163.3....

Course: Advanced Accessibility Good Bad Ugly

Provider: Larry M. Schneider AIA

Prior Accreditor: JC Code & Construction Consultants, Inc.

Affirmation date: 12/07/2023

This is a 2-hour instructor-led course that addresses the specific requirements of the Florida Accessibility Code for Building Construction. The course will instruct attendants in the common errors that have and are occurring in construction relating to accessibility issues.

After an administrative review of this course, it was found that...

- a. The PowerPoint document contained four slides per page, instead of no more than two slides per page.

As a result, I recommend denial of this course because it does not meet the full requirements of Rule 61G20-6.002. However, the ED POC could motion to instead conditionally approve this course, subject to reducing four slides per page to two slides per page in the PowerPoint document.

5.) Course Number 775.1....

Course: 2023 Advanced Florida Building Code 8th Edition (2023) Accessibility

Provider: The Media Factory, Inc.

Prior Accreditor: Charles Barr

Affirmation date: 1/16/2024

This is a 2-hour online course that is designed to give the design professional the knowledge and information needed to understand how the Americans with Disabilities Act's (ADA) standards have been updated recently, and how the State of Florida has incorporated these updates into the Building Code 8th Edition (2023) along with special Florida Requirements that meet or exceed the Federal ADA standards.

As a result of an administrative review of this course, I found no issues and recommend approval.
