This is a 1-hour instructor-led course designed to examine common violations and deficiencies for electrical plan review and how to remedy them.

As a result of an administrative review of this course, I found no issues and recommend approval.

3.) Course Number 1326.0....

Course: 2023 Advanced Code Course Depicting Major Changes in the Existing Building, Plumbing and Mechanical

Provider: Florida Contractors

Accreditor : JC Code & Construction Consultants

Accreditation date: 5/15/2025

This is a 1-hour online course that informs contractors of some of the major changes in the 2023 Existing Buildings, Plumbing and Mechanical Codes. These changes were targeted due to the high likely hood of directly impacted contractors unaware of the changes in a negative way. Disruptions or delays in permitting and or workflow are costly, and foreknowledge is an integral part of avoiding these situations.

*As a result of an administrative review of this course, **I found no issues and recommend approval.***
