WAIVER OF RETEST REQUEST**

August 4, 2015

Simonton Windows

Pennsboro, WV 26415

Attn: Tina Jenkins Seese
Simulations and Certification Coordinator

Dear Tina,

Per your written request, you are hereby granted a waiver of retest to label all Series 08-09 Casement windows based on current test reports on file for the Series 08-08 Casement. The changes between frame profiles CA0901 and CA0801 are minor, made for an alternate installation method.

The test results and drawings included with your waiver request provide evidence of performance equivalence for the Series -09, as the sequence of testing defined in the NAFS specifications are used to evaluate the performance of the fenestration product only, and are not intended to test the performance of the installation.

You are permitted to affix AAMA Certification Program labels on Series 08-09 Casement products based on Series 08-08 Casement test reports upon receipt of this waiver.

Sincerely,

Brad Schultz
