ASTM D7158 Class H FBC TAS 107

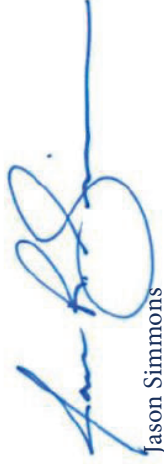

Manufacturing Location(s): Jacksonville, FL

* Product has been evaluated for fire resistance characteristics in accordance with ASTM E108. Refer to the product listings page for tested assembly details

Product Description: Cambridge is a self-sealing laminated asphalt shingle. Shingles are manufactured with 2 layers of fiberglass mat coated with asphalt on both sides, and surfaced on the weather-exposed side with mineral granules. Shingles have approximate dimensions of 40-7/8inch x 13-3/4inch with a 5-7/8inch exposure.

Only products bearing the PRI-CMT Validation Program for Building Materials Seal have been certified in accordance with the standard(s) listed above. Please reference <https://www.pri-group.com/services/validation-certification> for a complete and current list of products in good standing in the PRI-CMT Validation Program for Building Materials Certification Program.
