**RE: Statement of Affirmation to FBC 2010 for FL 14017**

**To whom it may concern**

I have reviewed all documents contained in the approval application for FL14017 approval for the 2007 Florida Building Code. I have reviewed the 2010 FBC as it relates to the wind load requirements for overhead doors including reference standards. I have also compared pertinent section references from the 2007 FBC to the 2010 FBC and have concluded that the products listed in FL 14017 conform to the requirements of the 2010 FBC.

**Certification of Independence:**

I, F. Paul DeGiovanni, certify that I am self-employed and operate as an independent contractor providing professional engineering services. I have no financial interest in nor will I acquire any financial interest in any company manufacturing or distributing products for which evaluation or validation reports have been issued by me.

Likewise, I have no financial interest in nor will I acquire any financial interest in any other entity involved in the approval process of those products for which I have issued reports.
