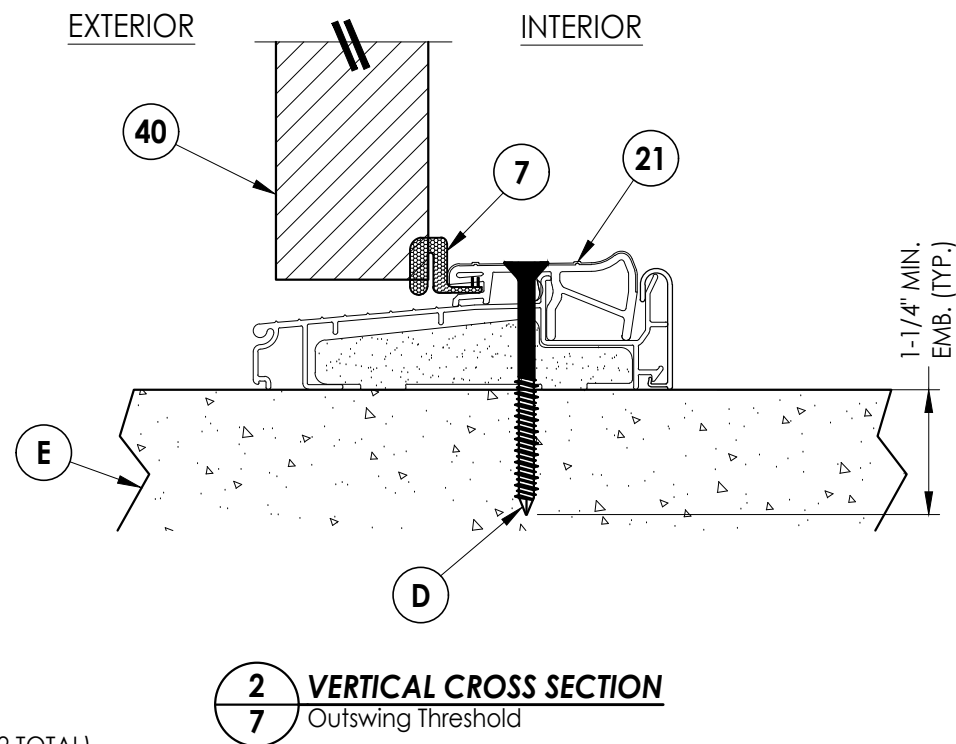

Diagram illustrating the vertical cross section of an inswing threshold assembly, showing the interior and exterior sides.

Key components and labels:

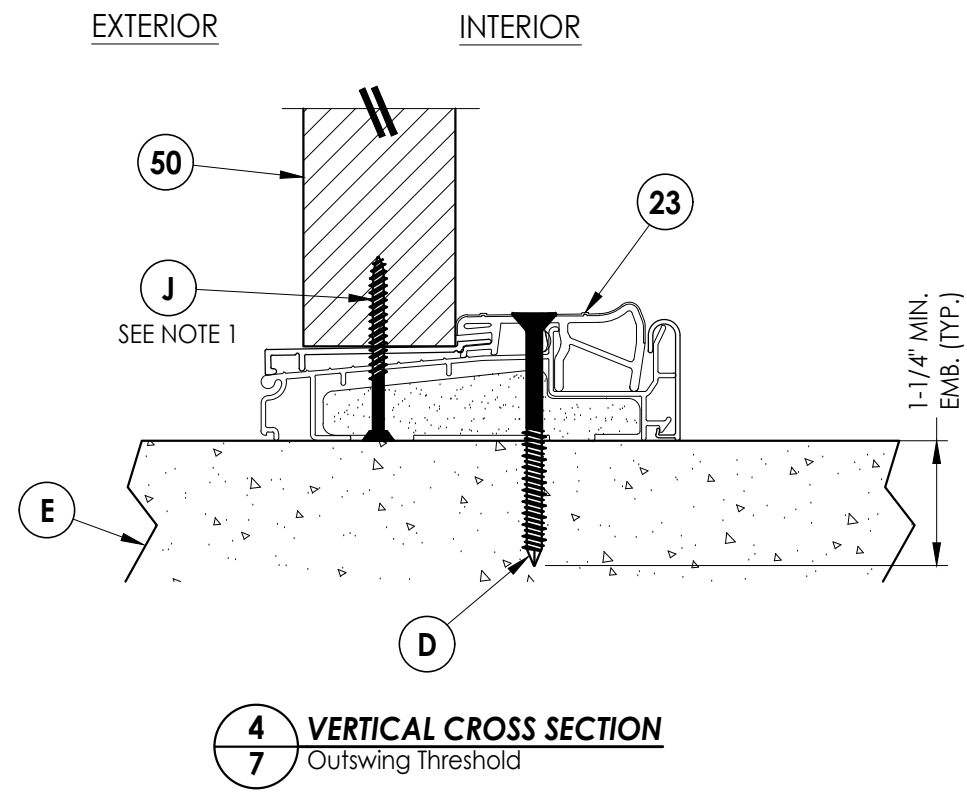

- INTERIOR** (Left side)
- EXTERIOR** (Right side)
- 50**: Vertical door frame or jamb.
- H**: Hinge.
- SEE NOTE 1**: Reference to a note.
- 22**: Lock bolt or strike.
- E**: Threshold assembly.
- G**: Cross-section of the threshold.
- 1-1/4" MIN. EMB. (TYP.)**: Minimum embedment depth (typical).

### CONCRETE ANCHOR NOTES:

1. Concrete anchor locations at the corners may be adjusted to maintain the min. edge distance to mortar joints.
2. Concrete anchor locations noted as "MAX. ON CENTER" must be adjusted to maintain the min. edge distance to mortar joints, additional concrete anchors may be required to ensure the "MAX. ON CENTER" dimension are not exceeded.
3. Concrete anchor table:

| ANCHOR TYPE      | ANCHOR SIZE | MIN. EMBEDMENT | MIN. CLEARANCE TO MASONRY EDGE | MIN. CLEARANCE TO ADJACENT ANCHOR |
|------------------|-------------|----------------|--------------------------------|-----------------------------------|
| ITW TAPCON®      | 3/16"       | 1-1/4"         | 3"                             | 1-1/2"                            |
| ITW TAPCON®      | 1/4"        | 1-1/4"         | 2"                             | 4"                                |
| DeWALT ULTRACON® | 1/4"        | 1-1/4"         | 1"                             | 4"                                |

WOOD SCREW INSTALLATION NOTES:

1. Maintain a minimum 5/8" edge distance, 1" end distance, & 1" o.c. spacing of wood screws to prevent the splitting of wood.

|                                                                                                                                 |  |                                                                                                                                                           |  |                  |  |                      |  |                      |  |                    |  |                     |  |                                    |  |                      |  |                      |  |                    |  |                     |  |                                    |  |                      |  |                      |  |                    |  |                     |  |                                    |  |                      |  |                      |  |                    |  |                     |  |                                    |  |                      |  |                      |  |                    |  |                     |  |                                    |  |                      |  |                      |  |                    |  |                     |  |                                    |  |                      |  |                      |  |                    |  |                     |  |                                    |  |                      |  |                      |  |                    |  |                     |  |                                    |  |                      |  |                      |  |                    |  |                     |  |                                    |  |                      |  |                      |  |                    |  |                     |  |                                    |  |                      |  |                      |  |                    |  |                     |  |                                    |  |                      |  |                      |  |                    |  |                     |  |                                    |  |                      |  |                      |  |                    |  |                     |  |                                    |  |                      |  |                      |  |                    |  |                     |  |                                    |  |                      |  |                      |  |                    |  |                     |  |                                    |  |                      |  |                      |  |                    |  |                     |  |                                    |  |                      |  |                      |  |                    |  |                     |  |                                    |  |                      |  |                      |  |                    |  |                     |  |                                    |  |                      |  |                      |  |                    |  |                     |  |                                    |  |                      |  |                      |  |                    |  |                     |  |                                    |  |                      |  |                      |  |
