1490 N. Monroe St.
Tallahassee, FL 32399

Manufacturer: Diamond Door Products
52294 Highway 290 West
Hempstead, TX 77445

Florida Product Approval No.: FL12873-R4

Product Category: Exterior Doors
Subcategory: Swinging Exterior Door Assemblies
Series/Model: Outswing Steel Entry Door

To Whom It May Concern:

I have reviewed the Florida Product Approval and associated documents for the above referenced product. I have found that all drawings, reports, referenced test standards, and associated ancillary tests as noted in the currently approved documents listed below are in compliance with the 2023 Florida Building Code.

It has been concluded that any revisions or changes to the referenced standards and standard years that have occurred between Chapter 35 of the 2017 and Chapter 35 of the 2023 Florida Building Codes do not affect the above referenced Florida Product Approval. Therefore, all test standards listed below are valid for the 2023 Florida Building Code.

Referenced Documents:

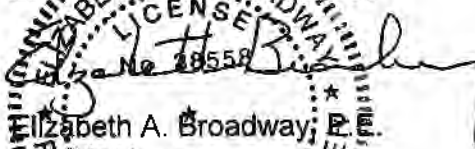

1. FL12873- Florida Product Approval Drawings - Outswing Steel Entry Doors

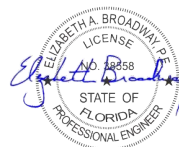

Referenced Standards:

1. ASTM E1886-13A (Previously E1886-05)
2. ASTM E1996-14A (Previously E1996-12)

To the best of my knowledge, all referenced and included test standards, methods of installation, details, and performance ratings have been found to comply with the 2023 Florida Building Code.

Sincerely,

BROADWAY ENGINEERING, P.A.
