Series 2661 Vinyl Impact Casement with Flange

Letter of Equivalency of Standards

This is to verify that the above mentioned products were tested according to ASTM E1996-02. I have reviewed the standard used for testing against the currently accepted standard ASTM E1996-05. Based on my reviewing of these standards I found that ASTM E1996-02 standard is equivalent to the currently accepted standards.

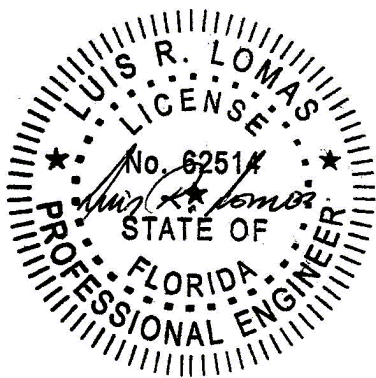

Therefore, these products meet the testing requirements for ASTM E1996-05

Please note that I don't have nor will acquire a financial interest in any company manufacturing or distributing the product(s) for which the reports are being issued.

Also, I don't have nor will acquire a financial interest in any other entity involved in the approval process of the listed product(s).

Please feel free to contact me if you have any questions.

Sincerely

Luis R. Lomas P.E.
