DBPR Codes and Standards  
2601 Blair Stone Road  
Tallahassee, FL 32399

Subject: Fenex, LLC.  
Fixed Stainless Steel Fire Window – FL#20700.1  
Oversized Fixed Window – FL#20700.2

To Whom It May Concern:

This office has reviewed test reports showing structural performance of the above-noted product. These test reports pertain to testing performed in accordance with the referenced standards in the table shown below. These noted standards are not adopted in the Florida Building Code Eighth Edition (2023); however, for the purpose of determining the performance of the product, this standard is equivalent to the corresponding standards, which are adopted standards in the above referenced building code.

| Code Title                                                                                                                                                          | Tests Performed according to: | Current Equivalent Standard             |
|---------------------------------------------------------------------------------------------------------------------------------------------------------------------|-------------------------------|-----------------------------------------|
| North American Fenestration Standard / Specifications for Windows, Doors, and Skylights.                                                                            | AAMA 101 - 97                 | AAMA / WDMA / CSA 101/I.S. 2 /A440 - 17 |
| Specification for Performance of Exterior Windows, Curtain Walls, Doors and Impact Protective Systems Impacted by Windborne Debris in Hurricanes                    | ASTM E1996 - 14               | ASTM E1996 - 17                         |
| Practice for Determining Load Resistance of Glass in Buildings                                                                                                      | ASTM E1300 – 09e              | ASTM E1300 - 16                         |
| Standard Test Method for Determining Rate of Air leakage through Exterior Windows, Curtain Walls, and Doors Under Specified Pressure Difference Across the Specimen | ASTM E283 - 04                | ASTM E283 - 12                          |

Respectfully,

10/23/23
