Dear Sir/Madam,

PRI-CMT tested several products for Gardner Gibson and subsequently issued Laboratory Test Reports. These reports have been utilized to support NOA # 17-0427.10 as well as FL23128. This letter serves to establish compliance of legacy test reports to FBC 2017.

Products – Weather Armor FT³, Weather Armor HT³, Weather Armor SB-1, GatorSkin, GatorSkin-10, Gard-Lock, CX-L, FGUR10, FGUR20, FGUR70, APOC Tuff Felt 26, APOC Tuff Felt 46, Type 15 Felt, and Type 30 Felt

Product Specification

- Applicable product specifications: ASTM D1970
- FBC 2017 referenced standard year: ASTM D1970-15a
- Test Report: PRI Project/Report Number GGI-194-02-01 states compliance to ASTM D1970-09
- Test Report: PRI Project/Report Number GGI-178-02-01 states compliance to ASTM D1970-01.
- Action: Establish equivalency between ASTM D1970-15a and ASTM D1970-09. Establish equivalency between ASTM D 1970-15a and ASTM D 1970-01.
- Conclusion: Compliance to FBC 2017 established.

Product Specification

- Applicable product specifications: ASTM D 226
- FBC 2017 referenced standard year: ASTM D 226-09
- Test Report: PRI Project/Report Numbers GGI-100-02-01, GGI-101-02-01, GGI-132-02-04, GGI-176-02-01, GGI-198-2-01, URM-013-02-01 and URM-014-02-01 state compliance to ASTM D226-06
- Action: Establish equivalency between ASTM D226-06 and ASTM D226-09.
- Conclusion: Compliance to FBC 2017 established.

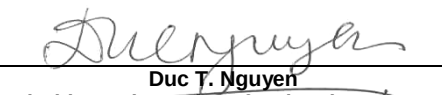

Statement of Independence: PRI Construction Materials Technologies and/or Duc T. Nguyen, FL P.E. do not have nor plan to acquire a financial interest in any company manufacturing or distributing products for which the test reports are issued.
