Email: tmacneil@itape.comSubject: Statement of Compliance with ASTM D1970 and ASTM E108 as Referenced in FL #5325

Dear Ms. MacNeil,

This statement is provided at the request of Intertape Polymer, Inc with respect to their Florida Product Approval application FL #5325. The application has been submitted to demonstrate compliance with the eighth edition of the Florida Building Code through Method 1, Option C, which utilizes an Evaluation Report from an approved product evaluation entity. Intertek is an approved product evaluation entity (FBC Organization # EVL11327) and the Evaluation Report supporting Intertape's application is Intertek CCRR-1105.

Intertek CCRR-1105 references data in accordance with ASTM D1970-21 and ASTM E108-20a as supporting compliance with the 2024 I-codes. The 2023 Florida Building Code references ASTM D1970-17a and ASTM E108-17, which are not directly mentioned within CCRR-1105; however, the Evaluation Report does recognize compliance with the 2023 Florida Building Code through these standards. Intertek has reviewed and compared these editions and is providing this statement to confirm that the recognition of compliance with ASTM D1970-21 and ASTM E108-20a may be extended to recognition of compliance with ASTM D1970-17a and ASTM E108-17.

If you have any questions regarding this statement, please do not hesitate to contact the undersigned.

Sincerely,

INTERTEK TESTING SERVICES NA, INC.Andrew Holstein, Ph.D., P.E.
Assistant Chief Engineer
Evaluation Services

This report is for the exclusive use of Intertek's Client and is provided pursuant to the agreement between Intertek and its Client. Intertek's responsibility and liability are limited to the terms and conditions of the agreement. Intertek assumes no liability to any party, other than to the Client in accordance with the agreement, for any loss, expense or damage occasioned by the use of this report. Only the Client is authorized to permit copying or distribution of this report and then only in its entirety. Any use of the Intertek name or one of its marks for the sale or advertisement of the tested material, product or service must first be approved in writing by Intertek. The observations and test results in this report are relevant only the sample tested. This report by itself does not imply that the material, product or service is or has ever been under an Intertek certification program.
