Equivalence of Test Standards:

Various test standards have been evaluated for differences in test methodology, if any, between tested editions of the test standards listed below and those editions referenced in the current Florida Building Code. **Tubelite, Inc.** has tested their products to the following test standard edition(s):

- 1) ASTM E 283-04
- 2) ASTM E 331-00
- 3) AAMA 501-05

Chapter 35 of the current Florida Building Code references the following editions of the above mentioned test standards:

- 1) ASTM E 283-04(12)
- 2) ASTM E 331-00(09)
- 3) AAMA 501-15

After review of the above mentioned referenced standards and editions, it has been found that no significant technical changes have been made to the test standards that would affect the results. All referenced standards have been found to be equivalent.
