To whom it may concern:

The PVC slat extrusion drawing that is part of the PVC hurricane slat system can be found on approvals FL 5013, NOA 08-1126.09, TDI SHU-95, and TDI SHU-130. PVC slat testing was first completed in 2001 as referenced in the current NOA 08-1126.09 page 2, section "B TESTS", # 2, per the BCCO PVC testing checklist.
